

UNDERSTANDING THE DATING MATRIX

Understanding The Dating Matrix

Dating is an important rite of passage and an essential part of growing up. However, young people experience overwhelming challenges in today's social landscape.

Understanding the Dating Matrix is a fun and interactive presentation that provides useful tools to navigate and manage this coming-of-age activity.

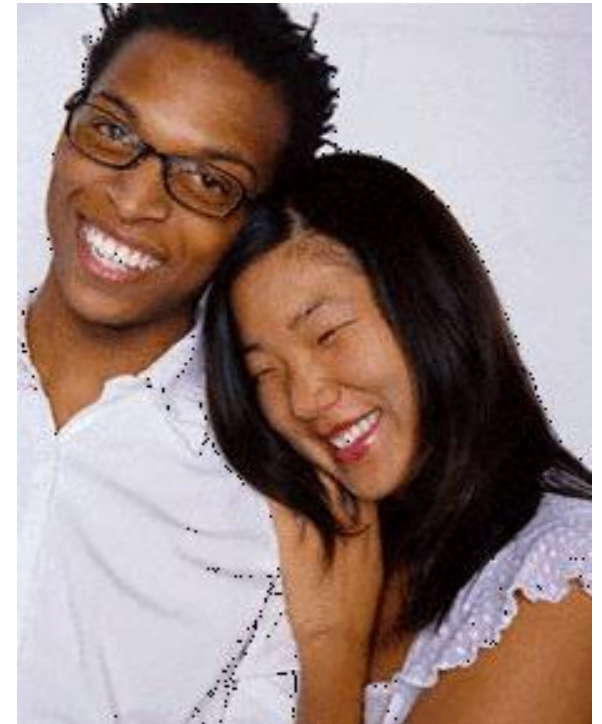

Students Will Learn College Dating Trends

...and Develop Their Unique Dating Style

How to Appreciate Dating Life on a Campus Environment...

and Integrate Dating with College Life

Understanding Dating Options

Exploring sexuality can be unnerving as young people begin to understand their sexual identity, while balancing the emotional transition.

What Are the Rules of Engagement?

Knowing how to negotiate the politics of intimate relationships will impact young people as they navigate their present and future courtships.

Student Benefits

- Effective skills for managing new environments.
- How to develop a lifestyle that works for you.
